MEYER ENGINEERED AIRLOCK SOLUTIONS

**AT MEYER WE PRIDE OURSELVES ON
THE ATTENTION WE GIVE EVERY
VALVE THAT COMES IN FOR SERVICE.**

As a leading manufacturer of rotary airlock valves, Meyer has the engineering expertise to understand the valve in operation and when they wear down we are the perfect company to rebuild or repair your unit.

Based on our technical analysis Meyer will make recommendations to improve valve life, including:

- Wear resistant coatings
- Mechanical or air purge seals
- Replaceable wear components
- Hard facings on rotor and shaft
- NFPA Certifications

All work and recommendations are backed by our 12 month warranty.
